Our fingers click when we shake hands  
I'll take a risk and I'll take chance  
I pull up quick, make it breakdance (yeah, yeah, yeah, yeah)  
Yeah, yeah, yeah  
He was dancing, yeah, yeah, yeah  
Dancing like a dancing man  
He was dancing like a dancing man

I step, I step and I step again  
Then I glide, watch my left foot slide  
The man can't ride if he's not qualified  
Tell gyal open, open leg wide  
I'm keeping it moving  
Them man sleeping and snoozing  
You need a solution  
We cause the commotion  
Still ten steps ahead, that's even if I walk in slow motion

I rep, I rep and I rep again  
Keep it on my side everytime I slide  
A man can't ride if it not certified  
Tell gyal open, open leg wide  
I keep to the plan if I creep on a man  
Please understand, he gon' sleep where he stand  
Them man can't even speak to a man  
How am I gonna speak to a sleeping man?
