

# One And Only

J Hus

JAE5

I still got my youth but I'm more mature  
I bumped into baby by the corner store  
It's mad cah I saw her the night before  
I was the only lengman on the dance floor  
You don't know me but I know you for sure  
We was best friend another time before  
I had a butterfly and put it in your core  
I'm lookin' at your heart, it was in my paw  
Right in my hands I show you my plans  
How I wanna get rich and feed the poor  
Come home, I put my pinger in the drawer  
You know you sexy, but I'll reassure  
But she love me more when I'm hardcore  
I came with the clique that they can't war  
It's 3 o'clock, I link you at Half 4  
You know this is the shit I go hard for

I can take it all up me  
When you in your darkest moments  
And I'll be here until the morning  
Can I be the one and only?  
Put it on me  
And if you can keep it comin'  
I promise that I'll put my all in (Yeah)  
Wanna be the one and only

Remember when I put you on your tiptoe (Yeah)  
You let me see your thong like Sisqo  
Put water in my cup and I sip slow  
I was the only lengman in the disco  
She blew me but she ain't even crip tho' (No-no)  
We stop usin' cash now we usin' {crypto}  
I do a gun sign and give man the signal  
Babe I like you more when you keep it simple  
I'm in the passy, blowin' indo out the window  
If I love you then I show you to my kinfolk  
Skinny man but I'm comin' like Big Show  
Everybody loves me, but they hate Chris tho'  
She my baby, my likkle diamond, crystal  
But every day she wanna fight me like Kimbo  
I tek bad gyal, I make her do the limbo

I can take it all up me  
When you in your darkest moments  
And I'll be here until the morning  
Can I be the one and only?  
Put it on me  
And if you can keep it comin'  
I promise that I'll put my all in  
Wanna be the one and only

Playin' hard to get  
Won't get me nowhere  
'Cause I've been right here waitin' for you, ooh-ooh  
What's meant to be will be, if you let it

Take me home, your momma won't regret it  
Don't need to be lonely  
Boy, I'm the one you know it

I can take it all up me  
When you in your darkest moments (Oh, nah-nah)  
And I'll be here until the morning (Till the morning, babe)  
Can I be the one and only? (Hey, hey)  
Put it on me  
And if you can keep it comin' (Can you keep it comin' baby boy?)  
I promise that I'll put my all in  
Wanna be the one and only (Yeah-yeah-yeah)

I wanna be the one and only  
Yeah babe  
I wanna be the one and only
