

Playing Chess

J Hus

The game that I'm playin', you don't know how to play
When I got my first , I had to learn how to spray
It's a feelin' that I can't describe
I know how it feels but I can't really say
It's like a mental orgasm, it's like a spiritual orgasm
That's why I do it with more passion
So much work that I need to mush in
Game that I'm playin', you don't know how to play
When I got my first , I had to learn how to spray
It's a feelin' that I can't describe
I know how it feels but I can't really say
It's like a mental orgasm, it's like a spiritual orgasm
That's why I do it with more passion
So much work that I need to mush in

I love my niggas, treat them like my cousins
Avoid all the bullshit and the nonsense
Take time out just to clear you conscience
More love, more blessings in abundance
Don't let nothin' buck your confidence
Fuck the negative comments, see the compliments
Just like my first album, you need common sense
'Cause life gets hard, it gets intense
Fuck them niggas sittin' on the fence
Get down or lay down, I said what I meant
I grew up on Michael Jackson and 50 Cent
As a young boy listenin' to Many Men
I did let myself go, but never again
Yeah, I can stay solid, tell 'em again
You have to stay solid, I gave you a gem
And if they askin' for smoke then give 'em a blem

The game that I'm playin', you don't know how to play
When I got my first , I had to learn how to spray
It's a feelin' that I can't describe
I know how it feels but I can't really say
It's like a mental orgasm, it's like a spiritual orgasm
That's why I do it with more passion
So much work that I need to mush in

Last night I couldn't sleep, I was just tossin' and turnin'
Couldn't wait to get up and start earnin'
First week, clean up and get rid of all the vermin
I wake up and open the curtain
I know myself and I'm very certain
You'll know when you see me in person
No more pain and no more hurtin'
Yeah, yeah, yeah, yeah
Gyal up on hustle, don't feel sorry for yourself
Get that generation wealth
Can't play with me, I play chess by myself
Yeah, yeah, yeah, yeah
God favors me and he blessed me with health
Don't pray for me, go and pray for yourself
Just put me in the room with some sexy girls

The game that I'm playin', you don't know how to play

When I got my first , I had to learn how to spray
It's a feelin' that I can't describe
I know how it feels but I can't really say
It's like a mental orgasm, it's like a spiritual orgasm
That's why I do it with more passion
So much work that I need to mush in
Game that I'm playin', you don't know how to play
When I got my first , I had to learn how to spray
It's a feelin' that I can't describe
I know how it feels but I can't really say
It's like a mental orgasm, it's like a spiritual orgasm
That's why I do it with more passion
So much work that I need to mush in

Yeah, yeah
Oh
Oh no, yeah, yeah
Oh no
Oh, mhm
