Gyal dem lipse and whine  
I like the girls with a thick behind  
I was thinking 'bout you when I writ this rhyme  
If you're looking for a good time then hit my line  
I can't give it to you right now  
Warm it up for me  
I can't give it to you right now  
Warm it up for me

Early in the morning  
Warm it up for me  
I can hear your body calling  
Warm it up for me  
I ain't tryna make you fall in love with me  
Fall in love with me  
Just warm it up, warm it up  
Warm it up for me

Donny's all up in my space  
I don't know man like that  
Yo, I enter the scene, tek any girl that I want  
Cause I'm the man like that  
Now your man wanna do me  
That's when my stick comes in handy  
Then I'mma take a trip to you auntie  
She's a freaky girl but we could do whatever tickles your fancy

Gyal dem lipse and whine  
I like the girls with a thick behind  
I was thinking 'bout you when I writ this rhyme  
If you're looking for a good time then hit my line  
I can't give it to you right now  
Warm it up for me  
I can't give it to you right now  
Warm it up for me

Early in the morning  
Warm it up for me  
I can hear your body calling  
Warm it up for me  
I ain't tryna make you fall in love with me  
Fall in love with me  
Just warm it up, warm it up  
Warm it up for me

If I give it to you, you gotta give it to me  
You could be my trap queen and we be flipping them kis  
And if I give it to you, you gotta give it to me  
You could be my trap queen and we be flipping them kis  
And I'm gonna call you up  
Just make sure you're warm enough  
However long I take  
Trust me, it's worth the wait

Gyal dem lipse and whine  
I like the girls with a thick behind  
I was thinking 'bout you when I writ this rhyme  
If you're looking for a good time then hit my line  
I can't give it to you right now  
Warm it up for me  
I can't give it to you right now
