

Strange Days

J. J. Cale

Strange days
That's coming on us
Strange ways
This time of ours
There is no meaning
For this to happen
Strange days
It seems so far
Used to be
Everything was falling
Right in place
Where it all would be
So those changes
I sometimes wonder
Could I get back
Where we used to be
Strange days
That's coming for us
Strange ways
This time of ours
There is no meaning
For this to happen
Strange days
It seems so far
There is no meaning
For it to happen
Strange days
It seems so far
Strange days
It seems so far
