

## Come Down

J Mascis

Help me move away  
Help me move away to come down  
Help me move away  
Help me move away to come down

It's all we know from you  
It's all we know from you  
It's all we know from you  
It's all we know from you

Help me move away  
Help me move away to come down  
Help me move away  
Help me move away to come down

It's all we know from you  
It's all we know  
It's all we know

Ohh, ohh, ohh, ohh...

Help me move away  
Help me move away to come down  
Help me move away  
Help me move away to come down

It's all we know from you  
It's all we know from you  
It's all we know  
It's all we know  
It's all we know  
It's all we know

It's all we know from you  
It's all we know  
It's all we know from you  
It's all we know
