

Cut Stranger

J Mascis

Count all the features
And what it teaches
That it leads you
Out the door
Come all them reasons
You keep believing
To the truth
And what it's for

Sit in the morning rain
No it's not the same

Complete
We'll see
The strong
From weak
It's all
We'll be
No sense
In free

Sit in the morning rain
No one will be the same

I need to please 'em
Or just a reason
Left to keep me
On the track
It's not a new one
Can't get the time though
Just to keep from
Going back

We're here
We're seen
We'll look
Believe
Come close
Go far
Peek out
The start

Count every blessing
Ramp up the stress
And to the season
Count the ways
For your protection
I'm overstepping
I believe you
If that's the case

Come clean
We'll see
The strong
From weak
It's all
We'll be

No sense
In free

We're here
We're seen
We'll look
Believe
Come close
Go hard
Peek out
The start

Sit in the morning rain
We're gonna be the same
