

# Elastic Days

J Mascis

Driving off  
Trying to meet you  
Feel it out  
Will I need to

Let's expect no more than all elastic days  
Hold yer feelings back for all elastic, all elastic days

Trimming off  
Tried to meet you

Piled it all aside for all elastic days  
Feel the need I tried for all elastic, all elastic days  
Elastic days  
Elastic days  
Elastic days

Tired out  
Don't think I'll meet you  
Had a doubt  
Then I leave you

And the sky is back to all elastic days  
Then the wheels came off, I don't know what to say  
It all made some sense if you knew what to play  
But I lost the plot of all elastic, all elastic days  
Elastic days
