

Me Again

J Mascis

Tell me everything you heard
Daunting and a bit unsure
Fields have gotten insecure
Gotta take it on your word

Said my mind is overrun
Said I'm free again
No, it cannot be undone
Not 'til I'm free again

Sent my mind some other place
Said my mind that no more space
And I begged you not to go
Look like you already know

Maybe section made of me
Guess I'm free again
Questioning my recipe
Unless it's free again

Set in memory
Set in memory
Set in memory
Gettin' no more sleep

Traced the scourge right out of me
Am I free again
Heaved a load into the sea
Get me free again

Crying out for outer space
Said it's free again
Only seconds off the pace
Wish it was me again

Set in memory
Set in memory
Set in memory
Set in memory
Set in memory
Set in memory
Set in memory
Set in memory
