

Love

J Moss

Who could have thought the mountains could rise to their peak?
Who could have thought the ocean could lay in a bed too deep?
Who could have thought the sunshine could wake us from our sleep?
Who could have thought of Calvary unless he loved me?

Who could have thought the seasons could live in harmony?
Who could have thought I'm a reason to build a man like me?
Who could have thought a tear could be one of fear and one of gleam?
Who could have share his piece of live unless he loved me?

Who shows love? who sends love?
Who gave his son for love?
Who made the love sent from above?
We are us because of God's love

Who can make a rainbow vibrant and true?
Who can work a miracle when nothing is left to do?
Who controls the wind and the flow of the sea?
Who would share a Christ with me unless he loves me?

Who shows love? Who sends love?
Who gave his son for love?
Who made the love sent from above?
We are us because of God's love

Who can make a baby beautiful and strong?
Who can turn a house into a home?
Who can make a family live together happily?
God is responsible alone

Who can turn a world full of hate into love
God can, he will do for us!

Who can bring a broken heart back from from the dead?
Who can cause the blind to see with words been said?
Who can take a breadth and weight with wonders of his works?
Who would shed his blood for me unless he loves me?

Who shows love? Who sends love?
Who gave his son for love?
Who made the love sent from above?
We are us because of God's love

Who shows love? Who sends love?
Who gave his son for love?
Who made the love sent from above?
We are us because of God's love
Love love love
Gave his son for love
Who made the love sent it from above?
We're us because of God's love
Us because of god's love
We're us because of God's love
We're us because of God's love
