

# No More

J Moss

Ain't ever gonna let no stick  
Ain't ever gonna let no stone  
They're never gonna break my bones  
No, No  
I ain't ever gonna hurt my future  
By hanging with a bunch of losers  
I'm never gonna choose to die  
No, No

No weapon formed against me shall prosper (uh, uh)  
Never fall a victim to your debacle (uh, uh)  
I'm a part of a prosperity  
With a blood line of Royalty  
What I am is a child of a King and what that means  
Is I am free

No more (tangled)  
No more (twisted)  
No more (living)  
No more (tainted)  
No more (crooked)  
No more (living)  
No more (hurtful)  
No more (fearful)  
No more (living)  
No more (painful)  
No more (shameful)  
No more (living)

Ain't ever gonna stop from dreaming  
Never stop my faith from streaming  
Ain't nothing that my Dad can't do  
No, No  
Ain't nothing gonna pull me down  
Even if it's in my background  
I'm never gonna choose to lose  
No, No

For we walk by faith and not by sight (uh, uh)  
I will not be blinded by the temptations of the  
Night  
I'm a part of a prosperity  
With a blood line of royalty  
What I am is a child of a King and what that means  
Is I am free

No more (tangled)  
No more (twisted)  
No more (living)  
No more (tainted)  
No more (crooked)  
No more (living)  
No more (hurtful)  
No more (fearful)  
No more (living)  
No more (painful)  
No more (shameful)

No more (living)

If God before us  
Who shall against us  
My rod and staff, sword and shield  
Nay in all these things we are more than conquerors  
Through Him that loved us  
So our struggle in this war is No more

No more (uh, uh)  
In the struggle - No more (uh, uh No more)  
No more (uh, uh)  
In the pain - No more (uh, uh No more)  
No more (uh, uh)  
The stress - No more (uh, uh No more)  
No more (uh, uh)  
The headache - No more (uh, uh No more)  
Be Free

No more (tangled)  
No more (twisted)  
No more (living)  
No more (tainted)  
No more (crooked)  
No more (living)  
No more (hurtful)  
No more (fearful)  
No more (living)  
No more (painful)  
No more (shameful)  
No more (living)
