

# Rush On It

J Moss

I'm entangled, so entangled  
Caught up in my mind from my head to my ankles, yeah  
I'm just livin'  
Not too high not too low caught up in this whole lo, lo, lo, ohh  
Sanctified but I cry all night (all night, yeah)  
Conversations get my feels, really

When I'm sleeping at night  
I'm hoping I can hear you, wanting to be near you, oh  
I'm hoping for some guidance, oh yeah

Can you tell me are there miracles left in Heaven (Heaven)  
Anything with my name on it  
Can you put a rush on it? (on it)  
Can you tell me are there miracles left in Heaven (in Heaven)  
Anything with my name on it  
Can you put a rush on it? Rush on it?  
Anything with my name on it  
Can you put a rush on it? Rush on it?  
Yeah

Never patient, always waitin'  
Self-inflicted wounds tryin' to be exonerated  
I'm just livin'  
I keep diggin' on these holes for my bones  
And where do they go?  
Sanctified but I cry all night (all night, yeah)  
Wake up in the morning, and I'm fighting for my joy  
Is the devil coming, ohh?

When I'm sleeping at night  
I'm hoping I can hear you, wanting to be near you, oh  
I'm hoping for some healing, oh yeah

Can you tell me are there miracles left in Heaven (Heaven)  
Anything with my name on it  
Can you put a rush on it? (on it)  
Can you tell me are there miracles left in Heaven (in Heaven)  
Anything with my name on it  
Can you put a rush on it?, Rush on it?

Can you tell me are there miracles left in Heaven (in Heaven)  
Anything with my name on it  
Can you put a rush on it? Rush on it?

Can you put a rush on it?
