Victory

J Moss

(Tell you how to get, how to get to)

Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)

I don't care what it looks like
I don't care what it feels like
I don't care if the enemy tries to make you cry all night
I don't care what they told ya
Just try to keep your composure
Never mind the size of the mountain standing right before ya

But you've read it before, haven't ya? (Yeah)
You got your old armor (yeah)
Been sober and you never let your guard down
They'd never leave or forsake ya
Just hold onto your faith
(Let me tell you how to get, how to get to)

Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)

Your lights off on Monday
They cell phone's on Tuesday
The rent due on Wednesday, trying to call to make an arrangement
Daycare got late fees
'Cause deadbeats made babies
Never mind the sign on the door that says, "Eviction pending"

But you've read it before, haven't ya? (Yeah)
You got your old armor (yeah)
Been sober and you never let your guard down
But hold onto the master
In order to win you have to
(Let me tell you how to get, how to get to) (how to walk yourself up into)

Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (oh yeah)
Victory (oh yeah)
Victory (yeah)
Victory (oh yeah)

Smooth, do you wanna go? Do you wanna be in V-I-C-T-O-R-Y
Gotta put your game face on, don't be fake, don't go from low to high
It's all in the name, just call on the Name and you will be fine
(Let me tell you how to get, how to get to)

Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)

```
Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)
Victory (it's going down, yeah)

You will, you will win
You will, you will win
You will, you will win
You will, you will win
You will, you will win
You will, you will win
You will, you will win
You will, you will win

Winner, winner (it's going down)
Let me tell you how to get (it's going down)
(It's going down)
Let me tell you how to get (it's going down)
```
