

# We In Da Front

J Moss

I know you've been waiting  
Thinkin' we're dropping and fading  
Wondering what are we doing  
Did we breakup or are we a crew and...  
But he's got my back and don't let this seat make you think that I'm lacking  
Don't forget that I'm made from the greatest creator of all-  
time we bossin' now

We in da' back like whoa  
We in da' back like whoa  
We in da' back like whoa  
We in da' back like whoa  
We in da' back like here we go  
We in da' back like here we come  
Now we in da' front like here we are  
We in da' front like  
You didn't see it coming and we got it honest and we winnin'

J what you been doin'  
We thought that you feel off and threw in  
The towel that you always was wavin'  
And left us to go into pastoring  
No, but if I did then it was what it was  
Don't forget that I'm made from the greatest creator of all-  
time we bossin' and  
Look

We in da' back like whoa  
We in da' back like whoa  
We in da' back like whoa  
We in da' back like whoa  
We in da' back like here we go  
We in da' back like here we come  
Now we in da' front like here we are  
We in da' front like  
You didn't see it coming and we got it honest and we winnin'...

I heard I'm an expert and I'm separate from the herd  
Let 'em go before me need some extra room to work  
I've been hand-picked cannot pluck me out His hand  
I'd rather stick to God than be stuck without a plan  
Mmm, makin' my way to the front running a race of my own cuz of His grace on  
the throne  
I can be bold I do not fake with a punch what I create in my lungs giving yo  
u breadth respect I am the one  
Talk like shepherd but my name ain't Sherri  
Communication with the Father got you secondary  
Then I come back with a comeback comment legendary  
I reply give God the glory it's so necessary  
Been on your playlist on hiatus  
I took a break and now I'm back with one of my favorites  
It's J Moss and well of course you know that I'm favored  
Putting numbers on the chart like it's times table  
You know my God's able

We in da' back like whoa  
We in da' back like whoa

We in da' back like whoa  
We in da' back like whoa  
We in da' back like here we go  
We in da' back like here we come  
Now we in da' front like here we are  
We in da' front like  
You didn't see it coming and we got it honest and we winnin'...
