Love with your hands
Love him with the dance
Everybody Everybody come on come on
Listen Listen

We lift our voices to bless you
We lift our hands to reach you
We lift our hearts to love you
Holy years of wonder
We presents in times our body's
Living sacrifices
Holy and acceptable
Hold on to you
We love you

Lift up your voices and say this
We love you lord we love you
(Say that with me say)
We love you lord, we love you

We lift our voices to bless you
