

## You Brought Me

J Moss

I need to know why You do for me the things you do  
I need to know why You care for me  
I need to know why You cover me the way You do  
I need to know why You're there for me

Even when I'm not worthy, even when I don't deserve it  
You're doing something for me  
Even when I don't obey,  
You never throw me away

You brought me out, now I can shout  
I'll never doubt, what You can do  
You picked me up, You filled my cup  
I'll always trust , what You can do

I need to know why You stay with me the way You do  
I need to know why You put up with me  
I need to know why You answer me when I call  
I need to know why You never leave me  
Even when I'm not worthy, even when I don't deserve Thee  
Even when I don't obey, You never throw me away

Is it because, You love us so much, You do it  
Is it because, You are the Savior, You do it  
Is it because, You come that we might live,  
You do it.  
But as for me, I'm glad that You do, You do it

I topped it off with a shot of PaJam up the wrist  
But I ain't never had a bottle of Cris...  
Patiently waitin' for my date and time for my life to shine.  
With the Lord on my mind  
But I slipped and fell out of His will  
My own agenda had me trying to pay the bills  
Momma must've been on her knees  
Because the wicked had the keys to dream  
But He bought me out
