Your Work

J Moss

Boss…

Let me be your canvas
Let me be your vision
Let me be your brush, that you use to express yourself
Use my life as a backdrop yeah
Use my heart as the light

Now breathe on me what you like and make it come to life
So what I want you to do is just

Write on me (and)
Work with me (display)
Display through me (your work)
Your almighty work

Write on me (work)
Work with me (display)
Display through me (your)
Your almighty work

Boss…

Let me be your color that you use to accentuate
Let me your texture to give a unique taste
Use my soul as the showcase for every masterpiece

Now breath on me what you like and let us see it come to life
What I want you to do is just

Write on me (yeah yeah)
Work with me (display)
Display through me (your all)
Your almighty work (ooh)

Write on me
Work with me
Display through me
Your almighty work

Use me, use me
Choose me, choose me
Lead me lead me
Tell me what you need from me, what you need from me
Mold me yeah, mold me yeah
Show me, show me
Ooh create in me, create in me
A masterpiece, a masterpiece

Write on me (write on me, write on me, write on me)
Work with me (work with me all you want God)
Display through me (display on me, display)
Your almighty work (use me Lord)

Write on me (work with me)
Work with me (oh display on me oh your mighty work yeah)
Display through me

Your almighty work

Write on me (use me as your servant)
Work with me (work with me as you please)
Display through me (let your light shine through me)
Your almighty work

Write on me (anything you want God)
Work with me (work with me God)
Display through me (display Lord through me)
Your almighty work (yeah)

Boss.
