

Make Me Believe

J Rice

Make me believe that you won't do that again
Please help me see through all this pain in my head
How can I trust you when you lied to my face
Help me believe that we can still be okay

Cuz I need you
I need
I need you
Still
I need you
I need
I need you
Still

I told myself there was no way that I could
Ever go back even though I probably should
I can't believe that you will ever be what
I need to breathe even though I'm still in love

And I need you
I need
I need you
Still
I need you
I need
I need you
Still

Help me believe that you won't do that again
Please help me through all this pain in my head
How can I trust you when you lied to my face
Help me believe that we can still be ok

Cuz I need you
I need
I need you
Still
I need you
I need
I need you
Still

Make me believe that you won't do that again
Please tell me I'm not gonna lose my best friend
