

Paralyzed

J Rice

When I see you
I forget what I was gonna say again
Oh now I remember
I've loved you forever
Always wanted to tell you
So its now or never
Ooo your movin closer
Why am I gettin slower
I try to move my lips then I freeze

Everytime you look at me
I'm paralyzed, I'm paralyzed
And when you begin to speak
I'm paralyzed, I'm paralyzed
And I don't know why I cant move (I don't know why)
I cant move (I don't know why)
I cant move, don't know why I'm so afraid
I cant move to you

How can you make me forget
Every single thought in my head

Oh now I remember
I've loved you forever
Always wanted to tell you
So its now or never
Ooo your movin closer
Why am I gettin slower
I try to move my lips then I freeze

Everytime you look at me
I'm paralyzed, I'm paralyzed
And when you begin to speak
I'm paralyzed, I'm paralyzed
And I don't know why I cant move (I don't know why)
I cant move (I don't know why)
I cant move, don't know why I'm so afraid
I cant move to you
I'm paralyzed

And I try to move my hand
But I'm running out of sand
I know time is goin fast
Oh no, I'm paralyzed

I'm paralyzed

Everytime you look at me
I'm paralyzed, I'm paralyzed
And when you begin to speak
I'm paralyzed, I'm paralyzed
And I don't know why I cant move (I don't know why)
I cant move (I don't know why)
I cant move, don't know why I'm so afraid
I cant move to you

Everytime you look at me

I'm paralyzed, I'm paralyzed
And when you begin to speak
I'm paralyzed, I'm paralyzed
And I don't know why I cant move (I don't know why)
I cant move (I don't know why)
I cant move, don't know why I'm so afraid
I cant move to you
I'm paralyzed
I'm paralyzed
And I don't know why
