

# We Pray for You

J Rice

If I could take it away  
The pain that you're feeling  
The nightmare you're living today  
I wish that I could make a change  
But I'm only one person  
I'll take my share of the burden

I don't have much to give  
But hopefully the world, will all join in  
And say with me...

I pray for you  
And if we stop for a moment  
Imagine what we can do  
I know together  
We'll help you make it through  
We'll help you make it through  
We pray for you

While we are safely asleep  
Mothers are searching  
Lost and uncertain in need  
My heart won't let me believe  
It's ok doing nothing  
When others are suffering

Even if we don't have much to give  
Hopefully the world, will all join in  
And say with me...

I pray for you  
And if we stop for a moment  
Imagine what we can do  
I know together  
We'll help you make it through  
We'll help you make it through  
We pray for you

Can't fix it all overnight  
But we won't stop trying  
Until everyone's hands unite  
The future looks brighter now  
You may be knocked down  
But you'll be stronger somehow

And even if we don't have much to give  
Hopefully the world, will all join in  
And say with me...

I pray for you  
And if we stop for a moment  
Imagine what we can do  
I know together  
We'll help you make it through  
We'll help you make it through  
And we'll help you make it through  
We pray for you

And if we stop for a moment  
Imagine what we can do  
I know together  
We'll help you make it through  
We'll help you make it through  
We pray for you

And if we stop for a moment  
Imagine imagine what we can do
