B.N.E

J Stalin

Beats by Focus

Niggas is niggas and bitches is bitches
But when niggas act like bitches, I don't fuck with niggas
Get your ass away from me, I don't need none of that bitch nigga energy
Get your ass away from me, I don't need none of that bitch nigga energy
Get your ass away from me, round here we don't do the bitch nigga energy

Ain't none of that bitch nigga energy, boy, I stand on it
Play with me, slap a nigga, break my hand on it
Everybody stay strapped, but who really bout it?
You ain't really tryna kill, boy, I highly doubt it
Bad bitches around love a real nigga aura
You wasn't hanging with us, we was sending you to the store
You wasn't selling coke everyday and boosting out them stores
Liquor coming out my pores, then I'm still on the grind
Swear to god I'ma get rich, you can't change my mind
I don't judge by looks, bitch, I judge by time
How much time will it take 'fore they turn you out?
Got you snorting coke, putting dick up in your mouth
Real boss, run a million dollar enterprise from a couch
A niggas say a lot about Young Stalin, nigga
They could never say that I was chasing clout
They could never say that I was chasing clout

Niggas is niggas and bitches is bitches
But when niggas act like bitches, I don't fuck with niggas
Get your ass away from me, I don't need none of that bitch nigga energy
Get your ass away from me, I don't need none of that bitch nigga energy
Get your ass away from me, round here we don't do the bitch nigga energy

I ain't come from no problems, got my dick in my hand
But if niggas get to tripping, do my banga dance
How you checking a bitch phone and supposed to be a man
Only time I panic is when I'm running out of RAM
Shoot myself out of any jam, I'm a gangsta, nigga
Got my name in my mouth, you's a wanksta, nigga
Round here we bust it down to the oil, nigga
Put the water in the pot and let it boil, nigga
Every day it's Christmas, we always be buying toys, nigga
Gave him a chopper, he's no longer a little boy, nigga
Thang on his hip, watching for the decoys, nigga
Knock a nigga down, cause the funk you can't avoid, nigga
Fuck a army draft, I been deployed, nigga
In the trap selling white, selling boy, nigga
On the corner, undefeated like Floyd, nigga
Don't make me steal your joy, nigga

Niggas is niggas and bitches is bitches
But when niggas act like bitches, I don't fuck with niggas
Get your ass away from me, I don't need none of that bitch nigga energy
Get your ass away from me, I don't need none of that bitch nigga energy
Get your ass away from me, round here we don't do the bitch nigga energy
