J Stalin

Baby, I just wan' love you, don't want a thing from you  
Baby, I got my own money  
I just wanna love you, I just wanna love you  
I just wanna love you, I just wanna love you  
I just wan' love you, don't want a thing from you  
Baby, I got my own money  
I just wanna love you, I just wanna love you  
I just wanna love you, I just wanna love you

Shopping sprees in Belize, you fuckin' with a gangster  
Long money, you ain't gotta do me no favors  
I'm a rapper, but you the one that's really famous  
Big anus sippin' right on top them last, girl  
The things you do to a nigga just make my toes curl  
Travel around the world, spendin' colored money  
I do it for her, 'cause she don't want nothin' from me

She just want some time, she just want some wine  
She just wanna eat and she just wanna dine  
I just want some love and I just wanna die  
I love it when they holler, she tell me she all mine  
Sittin' at the airport, gettin' my shoes shined

Baby, I just wan' love you, don't want a thing from you  
Baby, I got my own money  
I just wanna love you, I just wanna love you  
I just wanna love you, I just wanna love you  
I just wan' love you, don't want a thing from you  
Baby, I got my own money  
I just wanna love you, I just wanna love you  
I just wanna love you, I just wanna love you

Head still spinnin', girl, we had a hell of a night  
She gave me breakfast in the morning with a Boston flight  
Than she rode that dick like a motorbike  
Than she rode that dick like a motorbike  
Swervin' through the turnpike, she had her hands in my pants  
I was knockin' Biggie Smalls, give me one more chance  
Now tell these other niggas they could never be your man

She just want some time, she just want some wine  
She just wanna eat and she just wanna dine  
I just want some love and I just wanna die  
I love it when they holler, she tell me she all mine  
Sittin' at the airport, gettin' my shoes shined

Baby, I just wan' love you, don't want a thing from you  
Baby, I got my own money  
I just wanna love you, I just wanna love you  
I just wanna love you, I just wanna love you  
I just wan' love you, don't want a thing from you  
Baby, I got my own money  
I just wanna love you, I just wanna love you  
I just wanna love you, I just wanna love you
