

I Like It

J Stalin

Yeah, yeah, yeah, yeah

Half a pill's like half a thrill
If I fuck her off dark she owe a couple of bills
From 10 to 2, bitch, it can go down
If my bitch trip, trust, she ain't fuckin' around
Any nigga try to tell me 'bout me dickin' her down
Wonder why he want smoke? Well, I'm a hookah lounge
Off the Remy, not the Henny, so tonight might be her birth
Wake up, turn over like, "Who the fuck is her?"
Get the strap, where I'm at? Bitch, I'm a rolling stone
Fuck a hat, wherever I live, my 2K is home
Scorin' on a sucker boosted up my adrenaline
Like it when she bleed and I can get all her naked then, Goof

She's the kind of hooker that all the pimps know, and I like it
They want the bitch but she done chose, and I like it
She's my timezone, my Al Capone, and I like it
She's my rolling stone and she got her own, and I like it

I bounce out on a bad bitch
I talk fast to a slow bitch
I kick good pimpin' on a ho bitch
Pippen on me, bitch, I keep a fifth
Fully switch, I let them bitches rip
Block bunkin' off a whole brick
Give you fuck niggas whole clip
Gave dick to her whole clique
Dope dick got these hoes sick
I'm doin' crazy shit
Ho want a baby by my Asian bitch
Got a K for my Haitian bitch
Black guy to a racist bitch, I never pay the bitch
You pay the bitch, I break the bitch then shake the bitch
Now the bitch callin' me hella racist shit, damn

She's the kind of hooker that all the pimps know, and I like it
They want the bitch but she done chose, and I like it
She's my timezone, my Al Capone, and I like it
She's my rolling stone and she got her own, and I like it

I done broke the bitch and never called her again
Ain't tryna pay a nigga, bitch, we can't be friends
Can't drive my Benz, can't ride my Porsche
What, you think I'm a lame that just jumped off the porch?
What, you think I'm a lame that just jumped off the porch?
I play bitches, not sports, rock Gucci shorts
Bitch talkin' 'bout half, told her send me a quarter
Bitch talkin' 'bout half, told her send me a quarter
Bitch, I'm a Cypress Village nigga, down the street from the port
Met the bitch in the North, she was on my jock
Sucked my dick in the car, it was hard as a rock
Nuttin' in her mouth then I went back to the block
I gotta serve my knots

She's the kind of hooker that all the pimps know, and I like it
They want the bitch but she done chose, and I like it

She's my timezone, my Al Capone, and I like it
She's my rolling stone and she got her own, and I like it

And I like it
