

Keep It 100

J Stalin

Long money got these bad bitches checking for me
You know a real nigga keep it one hundred
Whenever I hit her phone, nigga know she comin'
'Cause lil' mama tryna fuck somethin'
Long money got these bad bitches checking for me
You know a real nigga keep it one hundred
Whenever I hit her phone, nigga know she comin'
'Cause lil' mama tryna fuck somethin'

My bitch realer than a lot of you niggas
She know I get to the bag so I throw her them digits
Titties sittin' pretty, got that ass lookin' wonderful
Spread them legs for me, lil' mama, like a centerfold
Baby, you been cold, listenin' to that J. Cole
Fuck you from the back like an animal
Ooh, I love when you be havin' them scented candles
Smart mouth like I like it so I can handle
We vandal together, we fuck up shit
We turn up together 'cause that's my bitch
Come over here and get this dick, don't be cryin' and shit
You know I keep it real with you, ain't no lyin' and shit

Long money got these bad bitches checking for me
You know a real nigga keep it one hundred
Whenever I hit her phone, nigga know she comin'
'Cause lil' mama tryna fuck somethin'
Long money got these bad bitches checking for me
You know a real nigga keep it one hundred
Whenever I hit her phone, nigga know she comin'
'Cause lil' mama tryna fuck somethin'

Lil' mama tryna fuck on me
I'm tryna suck on you, so I'm like, "Girl, what it do?"
Soon as you get off work you know that I'm comin' through
The Jag is dark blue, I be pullin' up 'round 2
I don't see no snacks in this motherfucker but you
Even with her nails on, got her rollin' Gorilla Glue
We ain't even gotta fuck 'cause I just like lookin' at you
She knockin' IamSu!, want me to take her to Shanghai
I like when you don't have on nothin' but them thigh highs
She say, "What's your occupation?" I'm a wise guy
She say, "You ain't gotta leave, you could spend the night"
Guess I'm finna find out if that pussy tight

Long money got these bad bitches checking for me
You know a real nigga keep it one hundred
Whenever I hit her phone, nigga know she comin'
'Cause lil' mama tryna fuck somethin'
Long money got these bad bitches checking for me
You know a real nigga keep it one hundred
Whenever I hit her phone, nigga know she comin'
'Cause lil' mama tryna fuck somethin'
