And you can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status
You can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status

I was taught...get it like I see it mane
Keep a young Super Freak like Rick James
She got a sick head game, bumper lies on the Range
Boy, it's all from the caine, I done walked them corners
Posted on the corners all day, all day in my Jay Jonahs
Kept a heater real close, you know the jackers be out
But I'll bust a fat nigga right there in his mouth
It's too hot, gotta move the coke up out the house
I got a ounce in my couch, please don't say nothin!
And I keep a straight face, cause homie, I'm never bluffin
Eyes real low, I be off that 'tussin
I see em plotting on my rims like they gon do sumn
But I...dare em to jumper if you suckers with the funk
All she need is a nigga with charisma and spunk
With both loads I dunk, yeah mami I'm workin
Livewire got it for cheap, and that's for certain

You can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status
You can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status

I'm a million dollar check that ain't been cashed yet
In the back of the casino, finna place my last bet
The table look bigger, the dice look smaller
Put my stable in motion, I'll be back tomorrow
Attitude matter-factish, never stuck like cactus
Know the streets run backwards, and I preach what I practice
On the beach with a bad bitch, tried to reach and you grabbed
And I learned fast, nice guys finish last
Acorn spot smash
Livewire get cash out a bitch ass quick fast like whiplash

Ships ass, try to get on my bumper
High speed like Comcast cause I got my thumper
And it ain't no Holla Back like Gwen Stefani
Nigga, it's hard for a pimp, I'll send your mommy
And it ain't no Holla Back like Gwen Stefani
Nigga, it's hard for a pimp, boy I'll send your mommy

And you can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status
You can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status

I ain't Paul Wall, but I'm still sitting sideways
For somebody who won't get caught...crime pays
I like her freaky ways, she like to give it to me
I tell her just like Webbie "give me that pussy"
Way in the back with the important people
You see this roll by? Hit at me, we ain't equal
Cause you out there, and I'm in here
Plus I got in here with this right here
100 rounds to celebrate the new year
See the new gear? Youngsta fresh ain't he?
Look at the color on the scraper candy painted
A whole lotta grams been sold for this
Man, a whole lotta souls been froze for this
So it's only right I shine like this
Pop Cris', put that lighter
The moon on my wrist
Serve em 7.5 for a half a kick

And you can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status
You can find me in the casino, way in the back
Gamblin like a mothafucka, still shootin Craps
Tomorrow I'll be back again with more racks
It's nothin: I'm at millionaire status
