

# She The Type

J Stalin

Yeah she talkin' real good, she a certified pro  
She a monkey on the pole, she will never let it go  
Tossing money in the air, once she get it off the flo'  
She an all night, super type porno show  
She a freak, she a bopper, she a true head popper  
She a freak, she a bopper, she a true head popper  
She a freak, she a bopper, she a true head popper  
She the type that I like, pussy fine, mouth proper

You can tell the way that the bills fall, we in the buildin'  
A lot of ones on the flo', bitch they came from drug dealin'  
She already on it, she climb to the ceilin'  
And she drop it back down just to show them other bitches  
Asked me "What is ya digits?" and nigga it was on  
She said she gon' give me what I don't get at home  
She said she wish she could clone a nicer version of a nigga  
I never be that nigga fall in love with gold diggers  
I knock bad bitches, I pick up the litter  
I give a dope dick, make her body quiver  
Teach her the card game, take it off from a nigga  
Enough scrilla, it'll make ya feel like you own a nigga  
And you can rent it, you can lease it, but it's her pussy  
Get in the middle when it's super wet and real cushy  
Ten minutes to make her cum, that's all it took me  
Yeah, ten minutes to make her cum, that's all it took me

Money motivated, college graduated  
Still with all that talent, she shakin' it and she make it  
She could have her clothes on, still make you think she naked  
See the shit she can do, with a fucking banana  
Pussy tighter than a bandanna  
Got my soldier out the kitchen like a car antenna  
We do it and she be louder than a police scanner  
Big ol' Mississippi booty, ask K.R.I.T. and David Banner  
I would let you fuck her, but I don't think you can handle her  
Me on the other hand, I flip her like a spatula  
Feeling like a movie when I enter in the back of her  
She get though from the swag, she fucking with a factor  
I can work yo back, like a chiropractor  
Get up in her hair, like a security code cracker  
But at the end of the night, I'm just another rapper  
But at the end of the night, I'm just another rapper

I wouldn't have it any other way  
I had a lil' fine bitch the other day  
She looked good but she couldn't fuck  
Sucked a good dick but she wouldn't shut up  
I know this other lil' freak, she ain't as pretty  
But she got a nice ass with some big titties  
I wouldn't even take her on a date  
But we kick it all the time cause the sex is great  
What's better? If she's pretty or she's sexy?  
I probably don't want the bitch next week  
If she ain't got skills  
Cause all I want is big money and cheap grills

I give a fuck about her cute face, she loves me  
That's so lovely, she keeps saying fuck me  
She better not be frigid  
Cause all I need is to fuck her real good, then I'm leaving  
Bitch
