

This Luv

J Stalin

All this love waitin' just for you
So don't pass it up, 'cause you'll regret it, boo
I'll be patiently waiting to hear from you
Maybe we can get it right one day
Take me out to church on a Sunday

She just wanna be satisfied
She ain't never fucked a nigga on a G5
Last thing I ever wanted was to see you cry (Damn)
I'll probably regret it one day
Got me chasin' down your plane on the runway
Got me thinkin' I'ma end up rich and lonely
Paranoid, thinkin' you fuckin' the homies
Keep a banger on me, I'm stuck in my way (Sniper)
Maybe we'll get it right one day
Take me out to church on a Sunday
Maybe we'll get it right one day
Maybe we'll make it right one day

All this love waitin' just for you
So don't pass it up, 'cause you'll regret it, boo
I'll be patiently waiting to hear from you
Maybe we can get it right one day
Take me out to church on a Sunday

No relationships involved, keep it strictly physical
No relationships involved, keep it strictly physical

Fuck 'em and forget 'em, that's just how I did 'em, did 'em
Rich nigga in the flyest denim, denim
They say he a player, got a lot of women, women
Type of nigga buy you a little kiddie
Get it all from the money I made up in the kitchen, kitchen
All you gotta do is listen
Don't paint a bad picture, make me out a villain
Don't paint a bad picture, make me out a villain

All this love waitin' just for you
So don't pass it up, 'cause you'll regret it, boo
I'll be patiently waiting to hear from you
Maybe we can get it right one day
Take me out to church on a Sunday

No relationships involved, keep it strictly physical
No relationships involved, keep it strictly physical

All this love waitin' just for you
So don't pass it up, 'cause you'll regret it, boo
I'll be patiently waiting to hear from you
