

# Watching Me

Ja Rule

Yea  
Rule  
Are you a figment of my imagination?  
Or am I one of yours?  
Believe me baby, an hear me, fear me, feel me  
That's why they all want to kill me dead  
True in the head but nigga not  
As soon as I get the drop  
I pull up the pop of the test  
It's outta the prairie  
Bitches style juice running through my head  
How many want to die nigga?  
My concept It's irrational  
My thinking now  
I'm erratic like Mike W's whose falling down  
I'm losin' sight now I can hardly see  
And smoking all this fucking weed  
I can barely breathe  
I'm like tell a bitch bleed  
Squeeze on D  
Run up in the deli  
Wrung up on D

Are ya watching me?  
They be watching, niggas they be watching, keep watching  
Keep watching me  
Now don't look down  
Are ya watching me?  
They be watching, Bitches they be watching, keep watching  
Keep watching me  
Now don't look down  
Whose watching me?

C'mon watch as I creep through your block  
In the hard top drop  
With my bead on knock  
Cause cops I ain't standing  
And gangstas know  
Catching before hanging  
And my dogs keep banging  
Cause ain't shit changing  
And hustlers ya'll keep slanging  
We stuck in the game  
Wit not a lot to gain  
But everything to lose  
But we soldiers that front-line  
In days to rule  
We do homicide drive-by's  
Cock and spray  
If you the last man standing  
You about to lay  
6 feet underground  
Watch me now  
Stop me how?  
Y'all niggas trying to cop my style  
I spit nothing but hot ones  
And pop guns

Make it hard for niggas to function  
Who want some of the Rule baby? (None of y'all)  
I'm legally considered crazy  
But if that's the way that God made me  
This world can't change me  
And that's the way it'll be  
Caught in the dark  
Until the light shines on me  
I'm a slave to this game  
But I'm break free  
So keep watchin' me
