

Twenty One

Jace Everett

Ride on
It's the easy way
Go on
Just steal away
No one
Knows better
No one

Right on
It's the easy way
Come on
Let's drift away
No one
Does it better
No one

Ride on
It's the easy way
Come on
Just steal away
No one
Knows better
No one

Twenty one
I done you wrong
Twenty more
And so much gone
But I can't let go
It's the path I know
It just goes on and on

No one
Does it better
Ride on
