

# Under the Sun

Jace Everett

I'm so lost and ragged  
Feeling like I've come undone  
The night before was blurry  
We'd been in such a hurry  
Guess we had our fun  
After the start  
I went and broke your heart  
Now I'm all alone and burning  
Out here under the sun

I confess I was a mess  
I admit I might have jumped the gun  
But from where I'm standing darling  
I don't think I'm the only one  
The plan had some flaws  
I did not count the cost  
Now I'm doing hard time, lost my mind  
Out here under the sun

Under the sun  
I guess we tried  
Under the sun  
I know I lied

Someday you'll see the light  
Through this tangled web I've spun  
Then you'll forgive me baby  
See that I'm the only one  
You'll run back to me  
And then you'll set me free  
And we'll be warm and happy  
Out here under the sun

Under the sun  
I guess we tried  
Under the sun  
I know you lied

I played my part  
And then you broke my heart  
Don't leave me lost and lonely  
Out here under the sun
