

Every Time I Fall

Jaci Velasquez

Every time I fall a little bit harder
Every time I fall a little bit farther
Every time I fall
I fall right back into your arms

Every time I try
To explain the reason why
I have let you down
I fall to the ground

What is it you see in me
That makes you believe
No matter how far I stray
I'll still find the way?

Just when I think I'm not strong enough
You reach out to me and you lift me up

Every time I fall a little bit harder
Every time I fall a little bit farther
Every time I fall
I fall right back into your arms

Time and time again
When I think I've reached the end
It's your voice I hear
That draws me near

I don't know what makes you stay
When I act this way
No matter what we've been through
I can turn to you

Just when I think I'm not strong enough
You reach out to me and you lift me up

Every time I fall a little bit harder
Every time I fall a little bit farther
Every time I fall
I fall right back into your arms

You find the beauty in my imperfections
The guidin' light in all my misdirection
And when I think you've finally given up
You fill my heart with unconditional love

Every time I fall
I fall right back into your arms

Every time I fall a little bit harder
Every time I fall a little bit farther
Every time I fall
I fall right back into your arms

Every time I fall

Every time I fall a little bit harder

Every time I fall a little bit farther
Every time I fall
I fall right back into your arms

Every time I fall
Every time I fall
Every time I fall
I fall right back into your arms, ya
