

## Little Voice Inside

Jaci Velasquez

Father, do you hear me?  
Cuz I know I hear you  
I waited for the answers  
While sitting here in my room  
I dance to the rythyn  
And moved by myself  
No one could see through me  
Or hear the words I felt..

Little voice inside - keeps calling  
Little voice inside - it cries  
Little voice inside - keeps calling  
Little voice - oh won't you be my guide?

I sometimes hear the cho  
The pattern of my cry  
I sometimes feel the pulling  
From a sound that's deep insisde  
Quiet are the whispers  
And silent are my eyes  
No one hears me  
That little voice inside you see...

Little voice inside - keeps calling  
Little voice inside - it cries  
Little voice inside - keeps calling  
Little voice - oh won't you be my guide?
