

Sound of Your Kingdom

Jaci Velasquez

We can walk through valleys and through the dark
We can stand here on this rock and be secure
We can live in freedom, we've overcome
The victory is ours because it's Yours

We are sons, we are daughters
We belong to the Father
May our lives, may our hearts
Be Your kingdom

Paint the streets gold
You got us cheering from the rafters
Let ourselves go
Be the joy and hear the laughter
Our hearts are spilling over
Because of what You've done
This is the sound of Your kingdom
This is the sound of Your kingdom

Our hearts were empty, our bones had run dry
You breathe the breath of life into our lungs
You are passion, Your glory, our song
Your name will be confessed by every tongue

We are sons, we are daughters
We belong to the Father
May our lives, may our hearts
Be Your kingdom

Paint the streets gold
You got us cheering from the rafters
Let ourselves go
Be the joy and hear the laughter
Our hearts are spilling over
Because of what You've done
This is the sound of Your kingdom
This is the sound of Your kingdom

We're gonna shout it 'til we lose our voices
We tasted freedom, now we're gonna rejoice in
All we have in You

Paint the streets gold
You got us cheering from the rafters
Let ourselves go
Be the joy and hear the laughter
Our hearts are spilling over
Because of what You've done
This is the sound of Your kingdom
This is the sound of Your kingdom
This is the sound of Your kingdom
This is the sound of Your kingdom
