

# Supernatural

Jaci Velasquez

I've been listening to doubt  
She is all around me  
Forcing her way into my heart  
'Til I can't resist, then I feel grace  
Make me believe in this

Ooh, supernatural  
I'll do anything to see Your face  
Ooh, supernatural  
I'll do anything, anything

I have read every verse  
But yet I still search to bring down the lights  
But I'm in the way and can't comprehend  
But You take me back to when I believed in this

Ooh, supernatural  
I'll do anything to see Your face  
Ooh, supernatural  
I'll do anything, oh, anything

How can I begin to understand'  
It could take a lifetime  
Where did this journey start  
And where will it go' Oh oh

Ooh, supernatural  
I'll do anything to see Your face  
Ooh, supernatural  
I'll do anything, you know, anything, anything, oh

Ooh, supernatural  
I'll do anything to see Your face  
Ooh, supernatural  
I'll do anything, oh, anything, ooh
