

You Don't Miss a Thing

Jaci Velasquez

You know my motives
You know my heart
No matter what I'm doin'
You see my secrets
Right through the dark
Who do I think I'm foolin'?
You watch me runnin'
You let me hide
'Cause You know where I'm goin' to
Seeking me
Reaching me
Keeping me in Your care, Lord
I can't escape it

You don't miss a thing I do
You see every move I make
But You know everything I need
You don't let a care get by You
You don't miss a thing, do You?

When my heart's broken
You dry my tears
'Cause You know what I'm feeling
When I am frozen
You melt my fears
Your gentle love is healing
You feed my hunger
You quench my thirst
'Cause You are my provider
Leading me
Teaching me
Keeping me in Your care, Lord
I can't escape it

You don't miss a thing I do
You see every move I make
You know everything I need
You don't let a care get by You
You hear every word I say
I will never go unnoticed
'Cause You don't miss a thing, do You?

You don't miss a thing... no, no ,no...
