

Let's go over the top  
Talkin' out of control  
Girl show me what you got  
Drop that thing to the floor  
If our love was a song  
I'd put that record on  
Over and over and over

Girl you got my heart beating like a 808  
Beating like a 808  
Beating like a 808  
Beating like a 808

Look I said aye, lil mama I can see you twerk nice  
See you doin' that thing with your hips that I like  
You should slide through, we could kick it for the night  
I won't give it to you wrong, girl I'll give it to you right  
Main thing, you know what it could be  
All up in my arms, you know where you should be  
now just give me the word, I'll be your melody  
Cause you I know I could see us livin' happy everly  
After...

I now what you wanted from the very start  
And I can tell you feel it too when we're apart  
But we're here right now with the lights turned down  
And the night's still young  
And it's clear right now how you feel right now  
Tryna have some fun

Let's go over the top  
Talkin' out of control

I see 'em talkin' but I'm hardly phased  
I can't hear 'em got the bass pumpin' louder than a Harley race  
And what we got girl is far from fake  
I wanna take you out shopping and buy you Cartier  
That's just how much you mean to me  
When I'm with you I don't go outside for beautiful scenery  
Come over you don't need a key cause I gave you the garage code  
That's how you know it's real  
Head over heels, girl you got no idea, damn

I now what you wanted from the very start  
And I can tell you feel it too when we're apart  
But we're here right now with the lights turned down

And the night's still young  
And it's clear right now how you feel right now
