

# Distance

Jack & Jack

Missed calls and ignored texts and  
Late night, I'm stayin' up stressin'  
Girl I got you on my mind  
I swear this happens every time (yeah)

But what about our last fight?  
Yeah I know it happened last night  
You can put that in the past right?  
I'm just tryna' live the fast life (uh)

And what's love without trust girl?  
And what's love without lust girl?  
I've been thinkin' bout us girl  
I've been thinkin' bout

So what do we do now?  
Everything we built, we broke it  
It's all shattered and broken  
I can't get you outta my head  
It's all fallin' down  
Time that we get goin'  
Things you never told me  
I thought you were the one

Yeah I thought you were the one  
But I guess things change  
No it's nothin' with the fame  
Girl, I swear it's all the same  
There's a difference in interest  
I feel it when we're kissin'

One day, you're here  
And the next day, you're missin' (uh)  
Can we be consistent? (girl)  
Are you even listenin'? (yeah)  
Got me feelin' so distant  
I'll be gone in an instant

So what do we do now?  
Everything we built, we broke it  
It's all shattered and broken  
I can't get you outta my head  
It's all fallin' down  
Time that we get goin'  
Things you never told me  
I thought you were the one

So what do we do now?

(Yeah)  
Really I wanna know  
Lookin' at you in the eyes  
Even though mine are kinda low  
And it's easy to see  
That something is hurting you so  
Bad  
I know that

The rhythm and flow that  
I'm putting on this slow track  
Are gonna make you so sad  
At least I can say for the time  
I was satisfied  
Answering machine  
Hearing your name  
Next to mine

So what do we do now?  
Everything we built, we broke it  
It's all shattered and broken  
I can't get you outta my head  
It's all fallin' down  
Time that we get goin'  
Things you never told me  
I thought you were the one

So what do we do now?  
Everything we built, we broke it  
It's all shattered and broken  
I can't get you outta my head  
It's all fallin' down  
Time that we get goin'  
Things you never told me  
I thought you were the one
