

## Elsewhere

Jack Frost

bottomless void  
I'm bleeding inside  
no one around me  
I'm screaming in vain  
suffering slowly  
weakness is pain  
torture upon me  
I dare not breathe

[Chorus:]  
and as I fall  
I wish to be  
elsewhere

darkness below me  
I'm freezing inside  
dying away  
lunacy's end
