

# Sentenced

Jack Frost

it is life's will  
things come down on me  
you know everyday  
I try to leave

how dare you  
be part of me  
I wish you  
get rid of me

it's my mind's dream  
to be far away  
I'm sentenced to life  
in endless grief

[Chorus:]  
the one to lose am I  
oh how I wish to die  
all your pain is mine  
until the end of my time

how dare you  
belong to me  
I'm slave to you  
eternally
