

I Know All What I Do

Jack Garratt

If I ever cause you
Destruction or pain
Fooled me for my actions
Fooled me for my brain

For I know, I know
All what I do

If I ever give you
Hurt or distain
Fooled me for destruction
Fooled me for your shame

For I know, I know
All what I do
I know, I know
All what I do

If I ever leave you
Your eyes will remain
The sweetest comfort
Is made
I could leave
But if I could hold you
Oh, I would stay

For I know, I know
All what I do
I know, I know
All what I do

I know, I know
All what I do
