

Just How I Like It

Jack Garratt

Everybody's working for the summer time
It's alright
It's alright
I like to my drinking when the feelings right
That's how I like it
That's how I like it
Ooh, everybody's working for the summer time
It's alright
It's alright
I like to drink tequila with a squeeze of lime
That's how I like it
That's how I like it
That's how I like it

That's just how I like it...
