

Chasing Stability

Jack Gray

Things we recorded should never leave this phone
Forgot that you caught it cause we were in the zone
All of these moments we'll never get back so
Let's just make the most of it
Let's just make the most of it
Let's just make the most of it

The universe spinning and it's alright yeah
Got too much to live for, can't close my eyes yet
Got the dreamers disease we're just pariahs

We got all the time in the world to chase stability
And I got all the time in the world for you
I know that we're living it
All the things we dreamed as kids
I don't wanna speak too soon
But this feels like a dream come true
Let's just make the most of it

Summer nights
I look drunk
You seem fine
What the f-
We both drank
The same amount
I'll just lay here
On the ground

The universe spinning and it's alright yeah
Got too much to live for, can't close my eyes yet
Got the dreamers disease we're just pariahs

We got all the time in the world to chase stability
And I got all the time in the world for you
I know that we're living it
All the things we dreamed as kids
I don't wanna speak too soon
But this feels like a dream come true

I don't wanna face reality
Chasing stability
I don't wanna face reality
