

Drunk Talk

Jack Gray

Oh-oh-oh-ah...

Oh can I get somethin'
A little distance here
I think I want it now
I didn't need it then

But if you take it from me
I will always go there
In the backseat
We could take it somewhere
Smokin' somethin'
Then I gotta go yeah
Oh-oh, oh no

(Oh-oh, oh no)
You were never really there
(Oh-oh, oh no)
You could call the truth a dare
Wastin', floatin'
Sippin' on a romance
I came faded
Folding up my last chance
(Oh-oh, oh no)
Your drunk talk isn't fair

Oh-oh-oh-ah...

Four drinks down
And you're on your way
But I'm leavin' town
So I won't let you stay, nah

If you put it on me
Take me to the backseat
Runnin' out of time
But we don't need sleep
Tell me you are mine
But I don't repeat
Oh-oh, oh no

(Oh-oh, oh no)
You were never really there
(Oh-oh, oh no)
You could call the truth a dare
Wastin', floatin'
Sippin' on a romance
I came faded
Folding up my last chance
(Oh-oh, oh no)
Your drunk talk isn't fair

Ooh it's fire, ignite it
Then run from the sun
These cars on the wire
We're driving drunk
It's kind of inviting

When you don't pick up
In time you'll realize that
I'm not the one, yeah

(If you take it from me
I will always go there
In the backseat
We could take it somewhere
Smokin' somethin'
Then I gotta go
Oh, oh)

But if you take it from me
I will always go there
In the backseat
We could take it somewhere
Smokin' somethin'
Then I gotta go yeah
Oh no

(Oh-oh, oh no)
You were never really there
(Oh-oh, oh no)
You could call the truth a dare
Wastin', floatin'
Sippin' on a romance
I came faded
Folding up my last chance
(Oh-oh, oh no)
Your drunk talk isn't fair
