

Fools

Jack Gray

I've been getting by a dollar at a time
Now I gotta lie to myself, I do it all the time
She's heartbroken, I'm just broken somehow
I do it all the time
I need a little drive or she'll leave me behind
I need to go down the coastline, can I get a ride?
She's heartbroken, I'm just broken somehow
Can I get a ride?

Now I got no more friends
How did this happen again?
I need you to stop fucking with it
Now I got no friends
How did this happen again?
I need you to stop fucking with it

Maybe I'm just a fool, fool for loving you
Maybe I'm just a fool, fool for loving you

Can you let it slide? I'm doing the time
I caught her in the act but the fact is that
I'd probably take her back tonight
She's still heartbroken, I'm just broken somehow
I'm doing the time

Now I got no friends
How did this happen again?
I need you to stop fucking with it
Now I got no friends
How did this happen again?
I need you to stop fucking with it

Maybe I'm just a fool, fool for loving you
Maybe I'm just a fool, fool for loving you

My card got declined 'cause she took it all
Now, wasn't really much left
I guess I don't mind 'cause I'm already broke
And now she's under house arrest
My card got declined 'cause she took it all
Now, wasn't really much left
I guess I don't mind 'cause I'm already broke
And now she's under house arrest
My card got declined 'cause she took it all
Now, wasn't really much left
I guess I don't mind 'cause I'm already broke
And now she's under house arrest
My card got declined 'cause she took it all
Now, wasn't really much left
I guess I don't mind 'cause I'm already broke
And now she's under house arrest

Now I got no friends
How did this happen again?
I need you to stop fucking with it
Now I got no friends
How did this happen again?

I need you to stop fucking with it

Maybe I'm just a fool, fool for loving you
Maybe I'm just a fool, fool for loving you
