

Nice To Be Alive

Jack Gray

Boring as bat-shit. You people make me feel so
Curious and I don't know why
Think you'll end up in the sky

Happy as Larry and riding sheep on clouds
Well, I'd prefer enthusiasm while you're here with me

So, stop
Don't get carried away
Darling, don't you understand
That every time we wave our hands
We're cool
We're fucking amazing
We dropped down from some other dimension
Just to be with you

Don't stress
That's dumb
I'm here
And it's nice to be alive

So, chill out
It's all right
Kiss me
It's nice to be alive

Well, lovers need lovers and I'm impressed by all the goods out on display
I don't know what to say

I'm thinking I'm thinking whoa-oh-oh-oh-oh-oh-oh-oh
I prefer enthusiasm while you're here with me

So, stop
Don't get carried away
Darling, don't you understand
That every time we wave our hands
We're cool
We're fucking amazing
We dropped down from some other dimension
Just to be with you

Don't stress
That's dumb
I'm here
And it's nice to be alive

So, chill out
It's all right
Kiss me
It's nice to be alive

It's nice to be alive
It's nice to be alive
