

## Together Again

Jack Greene

Together again my tears have stopped falling the long lonely ni  
ghts are now at an end  
The key to my heart you hold in your hand  
And nothing else matters we're together again  
[ steel ]  
Together again all the grey skies are gone  
You're back in my arms now where you belong  
The love that I knew is living again and nothing else matters w  
e're together again  
And nothing else matters now we're together again
