

# It's Pointless

Jack Harlow

Pat White

I used to know that I could rap, now I know I'm a prodigy  
Lately I've been feeling, emotionless honestly  
So I'm thinkin' with my head, 'cause I know where I gotta be  
When I put my mind to it, man, no one is stoppin' me, but  
I don't wanna talk about my aspirations  
'Cause sometimes, I be havin' trouble havin' patience  
I'm an aggravatin', masturbatin', rap sensation with the swagger of a premature ejaculation  
Uncontrollable, and I don't know when to stop  
As long as the beat's playin', man, the flow doesn't stop  
When I roll down the block, all the bros wanna talk  
And tell me, how they're tryin' not to get exposed by the cops like  
"I'm really getting sick of this place"  
"I gotta blow up on that dro to help me get through the day"  
"I can't trust the government because the system is fake"  
"And if I have to break the law, well that's a risk Imma take"

Chillin' with the bros, I think we're 'bout to go somewhere but really I don't know  
We're all about as flexible as acrobats, and I'm just waitin' on this girl to Snapchat me back  
We're kinda friends, but at the same time we're not  
'Cause I'm pretty sure she knows that I think she's hot  
I try not to make it awkward at all, but, you know?  
Just forget it, let's get on with the song

I'm a sneaky young fella, but they never notice  
I be stealing Wi-Fi if that network open  
I be Edgar Poe'n, with them clever poems  
She said my pale skin make me look like Edward Cullen  
It's like Guinness when you talkin', record broken  
They try to understand, but won't ever know it  
So give it up one time for my side of town  
Mean-muggin' other people when I ride around  
Now it's the H-A-R-L-O dubs  
Flow so tight it never felt so snug  
Felt my cell-phone buzz over a elbow nudge  
I be dishin' out that dope but don't sell no drugs  
But I'm sneakin' 'round the city while I'm lurkin' in these alleyways  
Everybody act the same, wishin' they was out of place  
Proud to say I'm doing me, only me for what it's worth  
Sick enough to buss a verse that make your fuckin' stomach hurt

Chillin' with the bros, I think we're 'bout to go somewhere but really I don't know  
We're all about as flexible as acrobats, and I'm just waitin' on this girl to Snapchat me back  
We're kinda friends, but at the same time we're not  
'Cause I'm pretty sure she knows that I think she's hot  
I try not to make it awkward at all, but, you know?  
Just forget it, let's get on with the song

I'm just tryna give 'em lyrics that they could pass on  
Perfectin' every line when I'm makin' rap songs  
But perfection ain't perfect if it's takin' that long

Lazy with my retainer so my braces back on  
But I look good, I feel nice, the weathers' amazing  
I'm becomin' a man, I'm gettin' better at shavin'  
I'm feelin' handsome at the moment, borderline sort of fly  
Can't wait until my facial structure gets more defined  
And I shed a little baby fat, ooh I think I'm Johnny Depp  
Ask 'em when I'm finna make it, man I swear I'm probably next  
I promise that you not as fresh  
I'm going hard, you not a wreck  
Stop a check, detail-oriented 'til it's all correct  
I know that I suck I know I'm appealing  
Everybody sees me different, I'm a social chameleon  
You might want an explanation for the things that you are seein'  
Just know I'm a extraordinary human being

Chillin' with the bros, I think we're 'bout to go somewhere but really I don't know  
We're all about as flexible as acrobats, and I'm just waitin' on this girl to Snapchat me back  
We're kinda friends, but at the same time we're not  
'Cause I'm pretty sure she knows that I think she's hot  
I try not to make it awkward at all, but, you know?  
Just forget it, let's get on with the song
