

# Luv Is Dro

Jack Harlow

Turn off the lights  
Let the moon shine through the blinds  
I can see fine  
Light a candle  
You know that I'ma tryna get behind  
Press on your spine  
Girl, you're looking damn good  
I can't even lie, I'm mesmerized  
It's in ya- (To me tonight)  
It's in ya eyes  
That's that shit I like, yeah  
That's that shit I like  
That's that shit I like  
Baby, put your hair back  
That's that shit I like, yeah  
That's that shit I like  
That's that shit I-  
'Cause I wanna see your face  
Let the moon shine through the blinds  
I can see fine  
And damn you fine  
Don't be nervous  
You know that I'ma tryna get behind  
Press on your spine  
Girl, I got you  
I can't even lie, I'm mesmerized  
It's in ya eyes

Let me love you slow  
I'm not in a rush, girl  
I'ma love you slow  
Take my time tonight  
Can I take my time, plus  
Girl, my love is dro  
I'll give you a rush, see  
Girl, my love is dro  
And I'ma love you slow  
Take a hit of me, baby

Know you had a long day  
I can see it in your face  
And now you just got off of work  
The sun is down, it's getting late  
And now you say you need a break  
Girl, you know exactly what I'm 'bout to say  
But I won't say a thing, babe  
Know just what you need, babe  
Hit an instant replay  
Yes, I had to get it twice  
Breakfast, lunch and dinner  
Now take off them denims  
Now take off this linen  
I need all that missing  
Baby, when you call, I'm dipping  
Pull up to your... (Pull up to your...)

Pull up to your spot

I'm gon' get you hot (Listen, we gon')  
Start with that massage  
Working down your thighs (Baby, I'ma)  
Push up on you, feel this size  
Show me how you feel inside  
If that's mine, then tell me that's mine  
Somebody must have shown you how to ride 'cause  
You do it right  
You not too wild with it  
I take my time with it  
Baby, you should-

Let me love you slow  
I'm not in a rush, girl  
I'ma love you slow  
Can I take my time, plus  
Girl, my love is dro  
I'll give you a rush, see  
Girl, my love is dro  
And I'ma love you slow

Yeah  
Me and Jack and Static  
It's a motherfucking classic
