

Way Out

Jack Harlow

Shit is a jam, shit is a jam

I can tell who's on the way out (Way out)
Twenty-five shows, check the pay out
I ain't goin' home, I'ma stay out (Yeah)
Muhfuckas hate you when they lookin' for a way out (Sheesh)
I just sit back and let it play out (Let it play now)
And she gon' let me hit it any day now, ooh (Day now, ooh)
What you gon' say now? Ooh
Oh my, my ex girl got a baby now, ooh
But she still let me stay now, ooh (Ah, ah)

I got a Dallas and an H-Town boo
Got a baddie out in Cape Town, too (Ooh, mm-mm-mm)
Whole gang eatin' steak house food
Get the check, I ain't checkin' what it came out to (Check)
I tell promoters, "I don't talk about the money
You know who to hand the envelope to" (That's facts)
Big John got the cash and he been the go-to
Heard the beat, told Nickie, "Put it in the Pro Tools"
Got a fountain on the chain and it's indigo blue ('Go blue)
Might fuck around and get a gold tooth
I'm a restaurant-goer, never been to Whole Foods
She gon' listen to the song, say, "This shit a whole mood"
I'm in the mountains out West on a tour bus
Textin' this chick I used to mess with (Yeah)
Got her in the bath, doin' video shoots
Tried to send one to me, but it didn't go through (Damn)

And she gon' let me hit it any day now, ooh (Ah)
What you gon' say now? Ooh
My ex girl got a baby now, ooh
But she still let me stay now, ooh

I run it up, then retrace my last steps (Frrp)
I'm in her eardrums talkin' about assets (Yeah)
"Do you wanna-?" "Yes," hol' up, I ain't even ask yet (Hol' up)
She got her hair done, she finna need it redone (Damn)
Boy, that pussy so good (So good)
Stuck it in, damn near almost made me pre cum (Woah)
I let her give me some advice like I need some (Like I need some)
Booked up, tell a dumb bitch, "Read some" (Bitch, read some)
I'm anointed, I'm the boss
I done came out of pocket so much (Woah)
You thought that I was disjointed (God)

They pointed me towards ya diss
Um, I'm disappointed (Disappointed)
My ex treat me like I ain't there (There)
What happened to the feelings and love that we still share? (Huh?)
Just like the girls who got my name tatted and covered up
I know deep down, under the surface it's still there, still there (Yeah)

And she gon' let me hit it any day now, ooh
What you gon' say now? Ooh
My ex girl got a baby now, ooh
