

DEADBEAT!

Jack Kays

I don't wanna go far
I wanna stay right here where my friends are
Drink cheap, cold beer
We can smoke weed
Do the same damn shit
At the same bar
When they tell us to leave
We'll say "fuck that!"
Fuck that
You can drive me away but I'll run back
Run back

I don't wanna grow up
Wanna be a kid forever
Getting fucked up
'Cause a girl I met in high school
Broke my heart
And I never let it go
She went to college
I stayed in Ohio
Getting fucked up
Fucked up
When I get sober I'll be long gone
Long gone

I don't wanna be a success
I wanna lay in bed and be a deadbeat
Because the teacher said I wouldn't be shit
So I prove 'em right
And they can use me
Show their students what'll happen if they do drugs
Do drugs
And be useless
Just like me

I don't wanna go far
I wanna stay right here where my friends are
Drink cheap, cold beer
We can smoke weed
Do the same damn shit at the same bar
When they tell us to leave
We'll say "fuck that!"
And fuck you
You don't know me
I don't like you
